Re: Coordination Request, Reclamation Surety Cost Estimate, Reilly Tar & Chemical Company, Reilly-Wendover Bonneville Plant, M/045/002, Tooele County, Utah

Dear Mr. Kohler:

The Division is currently working with Reilly Tar & Chemical Company to develop an updated reclamation cost estimate and a revised bond for their Reilly-Wendover Bonneville Plant. We understand that your staff is also working on a revised reclamation cost estimate for certain BLM managed lands under federal mineral lease at this facility.

In an effort to avoid duplicate bonding requirements from our respective agencies, we request that our technical staff work together to develop a comprehensive cost estimate for this site. Thank you for your cooperation and assistance in helping us coordinate our joint bonding responsibilities. If you have any questions concerning this letter, please contact me, or Doug Jensen at (801) 538-5286 and 538-5382, respectively.

Sincerely,

A handwritten signature in cursive script, reading 'D. Wayne Hedberg'.

D. Wayne Hedberg
Permit Supervisor
